### THUNDERFOG W/GRIP 2.5" NH (64mm)

Part No: JTS250PS

#### Details

THUNDERFOG W/GRIP 2.5" NH (64mm)  
Selectable gallonage nozzle with five flow settings of 95, 125, 150, 200, and 250 gpm @ 100 psi (360-470-570-750-950 l/min @ 7 bar). All lightweight materials, hardcoat anodized aluminum. Flush without shutting down. Uniquely cut fixed fog teeth or optional stainless steel spinning teeth. Quick-change rear valve seat and stainless steel shut-off ball. Pistol grip is mounted below the valve. 2.5" NH swivel rocker lug coupling is standard.

**Weight: 7.000 lbs (3.175 kg)**

<b>Flow Control Method</b>	Selectable Flow at a pressure (constant gallonage, flow does not change with pattern)
<b>Flow Rate</b>	95 & 125 & 150 & 200 & 250 gpm (360 & 470 & 570 & 750 & 950 l/min)
<b>Coupling Size (Nozzles)</b>	2.5 inch (65mm)
<b>Coupling Style (Nozzles)</b>	Rocker
<b>Coupling Swiveling/Rigid (Nozzles)</b>	Swivel (full time, even after tightening)
<b>Pressure</b>	100 psi (7bar)
<b>Nozzle Body Style</b>	Nozzle with shutoff and pistol grip
<b>Valve Design</b>	Ball Valve (Stainless)
<b>Valve Actuation Method</b>	Horseshoe (Injection Molded Nylon w/ Colored Handle)
<b>Fog Pattern Method</b>	stainless steel teeth (spinning)
<b>Nozzle Bumper Material</b>	Rubber - bonded
<b>Certifications</b>	NFPA/FM
<b>Foam Expansion Performance</b>	N/A
<b>Pattern Actuation Method</b>	Manual

## PRODUCT SERIES OVERVIEW

- The Thunderfog Series of selectable gallonage 1½" and 2½" nozzles are designed for simple operation and rugged durability in structural and industrial firefighting operations. Available in tip only configurations or with a stainless steel ball shutoff and optional color coded nylon pistol grip, these series incorporate lightweight aluminum construction, reflective labeling, and stainless steel components with a protective front rubber bumper.

The 200 and 200 Thunderfog Series, are available with either TFT's uniquely designed spinning teeth, or our popular stainless steel spinning teeth to provide a wide protective fog pattern. All models also accept either a low or multi-expansion foam aspiration attachment.

- All Thunderfog Series ball shutoff models offer TFT's unique quick change rear valve seat that requires no special tools or disassembly of the valve to change the rear seat assembly. The shut off handle can be color coded, laser engraved, and is produced from nylon to withstands harsh operation conditions without breaking or bending.
